

I'm Nothing

Violent Femmes

I am N O T H I N, I am N O T H I N
I'm nothing, nothing
I am N O T H I N, I am N O T H I N
I'm nothing, nothing Are you a Republican or a Democrat?
A Liberal Fascist full of crap
I'm nothin', I'm nothin' Somebody somewhere might be somethin'
But everybody everywhere
Knows that I'm nothin' Politics and dirty tricks
I got no time for stones and sticks
Politics and dirty tricks
I got no time I'm chasing chicks
I'm nothin', I'm nothin' Somebody somewhere might be something
But everybody everywhere
Knows that I'm nothing I'm nothing but I'm not proud
'Cause being nothing it's not allowed
Are you a gay or are you straight ?
Do you believe in love, or do you believe in hate?
I'm nothin', I'm nothin' Somebody somewhere said he was something
But to everybody everywhere
I'm saying I'm nothing I'm nothing, I'm like a cloud
I'm free to be alone in a crowd
What's your reality it's not real to me
What's your anomaly it is my destiny I'M N O T H I N
I'M N O T H I N
I'm nothin', nothin', nothin' I'm nothing now and I'll be nothing when
This nothin' world has it's nothing end
