Reason for Living
b-side of 'Queen of My Heart' CD1 | released in UK 5 November 2001
Shane:
I lie here lonely thinking
How could this ever happen
Is it real, am I dreaming
And when your hearts been burned
How can someone learn
To get over thier fears
Nicky:
You told me I should be strong
Oh I'm trying
I feel I can't go on
You left me here on my own
CHORUS
Without a reason for living
A chance for forgiving
A time to make it Okay
And now I'm stuck with the vision
Of my indecision
Taking it all away..... from me
Bryan:
With all the time you're taking
Slowly my hearts been breaking
You've been fine
I've been bleeding
I'll have to wait my turn
Your respect I'll earn
No more joking or teasing
Bryan:
You told me I should be strong
Oh I'm trying
I feel I can't go on

You left me here on my own
CHORUS
Without a reason for living
A chance for forgiving
A time to make it Okay (time to make it okay)

And now I'm stuck with the vision
Of my indecision
Taking it all away
Mark:
A thousand times before
I've been almost sure
This time I need to know
I've spent all my life
Chasing all my dreams
I'm not letting this goooo.....
Mark:
Yeah
OOhhhhhhhh
Laeeee.....
In my yeah yeah yeah yeah yeah
Ooooooooohhhhhhh.....
CHORUS
Without a reason for living
A chance for forgiving
A time to make it Okay
And now I'm stuck with the vision
Of my indecision
Taking it all away X2
