The Lady's In Love With You

Sarah Vaughan

If there's a gleam in her eye
Each time she straightens your tie
You know the lady's in love with youIf she can dress for a date
Without that waking, you hate
It means the lady's in love with youAnd when your friends
Ask you over to join their table
But she picks that far away booth for twoWell, sir here's just how it stands
You got romance on your hands
Because the lady's in love with youAnd when your friends
Ask you over to join their table
But she picks that far away booth for twoWell, sir here's just how it stands
You got romance on your hands
Because the lady's in love, the lady's in love
The lady's in love with you
