

Strange Things

Gentleman

I'd rather be saved by Jah Jah
Yeah yeah yeah
Than to have mankind as my savior

[Chorus]

Dem never sees to amaze me
Strange things they bring to us
And only Jah Jah can save we
Now who else can we trust

Babylon dem words ya dem a tuff like iron
Trodding through the hills now with the powers of a lion
No looking back we pon the highway to zion
No doubt about it Jah love we a relay on
From you see me pon the subway
Everything you see me do me do it love way
I see dem going down grudge way
Iniquity can't touch we

[Chorus]

Babylon now what me see you try to tek away Jah star
Left me to wonder who really are
For a stick a marihuana we get lock behind a bar
Jah children reputation you a scar
Smoking kills that you mark on your cigar
Dangerous like a bullet from an s-sellar
But tell me how much innocent life you tek so far
And all those victims of your wars

[Chorus]

Question me ask so why you don't answer dis
How comes you have the youths dem turn and a twist
Have dem in the jungle like a tarzan pon a wist
Still dem awaiting Jah wonderful bliss
Ask dem already so what left to come
We already see the destruction from your gun
Babylon upholding a falling kingdom

Still we chant down rome and beat the kette drum

[Chorus]

Babylon dem words ya dem a tuff like iron
Trodding through the hills now with the powers of a lion
No looking back we pon the highway to zion
No doubt about it Jah love we a relay on
From you see me pon the subway
Everything you see me do me do it love way
I see dem going down grudge way
Iniquity can't touch we
