Guess Who Loves You More

Raheem Devaughn

Word on the street is
You gave me this walkin' papers and
Well, I wanna be the man
That my daddy raised me to be
My momma taught me to be, see baby
Guess who loves you more?
Hey love, guess who loves you more than he did?
Guess who treats you better than he did?
Girl, me, that?s right, me
When you gon' see? Wake up and see
Guess who loves you more than he did?
Guess who treats you better than he did?
Girl, me, that?s right, me
When you gon' see? Wake up and see
Lady, lady, lady, my darlin?, darlin?, baby
I wanna restore your hope
Forget about the past, this thing's gon' last, so
I wanna try this, I wanna rock you to sleep
The right way, what I'm tryna say is
Guess who loves you more?
Hey love, guess who loves you more than he did?
Guess who treats you better than he did?
Girl, me, that?s right, me
When you gon' see? Wake up and see
Guess who loves you more than he did?
Guess who treats you better than he did?
Girl, me, that?s right, me
When you gon' see? Wake up and see
My love for you can never be measured
Girl, I treasure your love
And each day my love multiplies for you
Girl, as long as far the time is on my side
I'm gon' be by your side
Baby, you?re perfect in my eyes
You're my joy and pride
Guess who loves you more?
Hey love, guess who loves you more than he did?
Guess who treats you better than he did?
Girl, me, that?s right, me

When you gon' see? Wake up and see
Guess who loves you more than he did?
Guess who treats you better than he did?
Girl, me, that?s right, me
When you gon' see? Wake up and see
Honest to God, I do, girl, I promise you
That I'll cherish you, I'll love you
I?ll take you, cry for you, yes, I will
Honest to God, I do
Said, I'll cry for you, I love you, baby
I'll cherish you to be my lady
Nothing will break our bond
Honest to God, I do
Have faith in me, I have faith in you
Pinky swear, that's how much I care
Oh baby, I wanna love you, ooh, yeah
I care for you, you'll never, never, never, never
Never, never, never, never, never, never, never
Never, never, never, never got to worry, no, no
In fact, I'm on my way right now to you
Guess who loves you more
