

Higher (feat. Saykoji)

LOJ Worship

Lord I come into Your presence
Bring my song to praise You Lord
Bring my life to You, my King
I surrender at Your feet You never let me down, down, down to the ground
(and) I will lift You up, up, up to the sky
You never let me down, down, down to the ground
(and) I will lift You up, up, up to the sky I will lift You up
Higher, Higher
I will lift You up
Name above all names
