

Fast Lane (Son of Kick Remix)

Husky Rescue

Just one more night until then
You're a winter heading in the air
On through the gates of fear them
I smell the third of new year hey
Don't say we go too fast
Don't say we go too fast
to get there
Don't say we go too fast
Don't say we go too fast
to nowhere
This horse is easy to ride
They rode it darkened to sunlight
You know you're always wanted
begging you'd get back if you tried
Don't say we go too fast
Don't say we go too fast
to get there
Don't say we go too fast
Don't say we go too fast
to nowhere
Don't say we go too fast
Don't say we go too fast
to get there
Don't say we go too fast
Don't say we go too fast
to nowhere
Don't say we go too fast
Don't say we go too fast
to get there
Don't say we go too fast
Don't say we go too fast
to nowhere
It is easy to go down
Night and day the gates of dark dead stand of light
That's a climb back up and again
To reach race of our steps to the open air
They must broke the difficult task
Don't say we go too fast
Don't say we go too fast
to get there
Don't say we go too fast
Don't say we go too fast
to nowhere
Don't say we go too fast
Don't say we go too fast
to get there

Don't say we go too fast
Don't say we go too fast
to nowhere
