

# Shut Out The Lights

**Keith Urban**

Let's get into the point when we are not listening anymore  
We're just walking 'round in circles and wearing holes out on the floor  
And I'm tired and I know you're tired, and it's late, yeah, it's almost four  
And what are you trying to achieve,  
baby, what are you trying to win?  
I said the same thing three hours ago and I'm saying it again  
And I know you and I well enough to know neither one of us is giving in  
Well baby, I love you, I'm not going to  
bed angry  
And baby, I need you, I want you to be happy  
We're going around in circles with no end in sight  
Maybe we should just shut out the lights, wait till the morning  
Shut out the lights, wait till the morning, yeah  
It's amazing all the old wounds we still carry around  
Wait to bring 'em all up when it all comes down  
Like it's coming out now  
Well baby, I love you, I'm not going to bed angry  
And baby, I need you, I want you to be happy  
We've been going around in circles with no end in sight  
Maybe we should just shut out the lights, wait till the  
morning  
Oh, shut out the lights and wait till the morning  
'Cause I don't wanna lose you and I don't wanna hate you  
I don't wanna feel that this house that I make  
You say thing you don't mean in the heat of the moment  
In the heat of the moment, yeah  
And baby, I love you, I'm not going to bed angry  
And baby, I need you, I want you to be happy  
We've been going around in circles, we're going around in circles  
You know we're just going around in circles with no end in sight  
Maybe we should just turn out the lights, wait  
till the morning  
And turn out the lights, wait till the morning, yeah  
Shut out the lights and wait till the morning, yeah, ooh  
Come on, baby, ooh  
Just gonna give it some time, just a little bit of time  
'Cause it's gonna be alright, yeah, it's gonna be alright  
In the morning light 'cause I need you, I need you, I need you
