Lil' Bloodred Ridin' Hood

Children Of Bodom

Fire of the light, lil' bloodred ridin' hood angel
You try reversing the ray of fire
Light before the night, dark you'd try
The ray amid sets your desire
I'll kill you!
Show me the signs of your silence
Take me down, where I can feel you
In the race of corpse alone
My lil' bloodred ridin' hood
For a second did I go
C'mon motherfuckers!

Little blood I'd blow away
It's a loss!
But I'll follow you 'till the end of the world
I hate you and I want you dead!
I'll kill it for you
I'll kill you!
Show me the signs of your silence
In the race of corpse alone
Take me down, where I can feel you
My lil' bloodred ridin' hood
