

Body Hammer

Akira Kiteshi

I clench my teeth and realize
My world is so near its demise
A dying sun in a poisonous sky
 Stinging my eyes
 Burning with contempt and conflict
 As of now I am a tool
 Of severe impact
 I clench my fist and visualize
 The blood that is spilled is our own
 I open wide my bloodshot eyes
 Count the dead
 A result of dysfunction
 As of now I am a tool
 Of severe impact
 Hammer down
 Cause and effect
 And create a new world
 Pound, drive, swing, strike
 Break down, smash down
 Pound and drive, swing and strike
 Break it down

I am a tool
As of now I am a tool
 Of severe impact
 Hammer down
 Cause and effect
 And create a new world
 As of now I am a tool
 Of severe impact
 Hammer down
 Cause and effect
 And create a new world
 I am a tool
 I am a tool
 I am a tool
 I am a tool
 I am a tool
 I am a tool, tool, tool

I am a tool to break down
Break it down
And smash it all away
