Swayin'

Cole Swindell

Well they call em' the cheap seats,
Yeah right fifty bucks a piece,
It's pretty steep for a guy like me.
But it's worth it baby just to see your eyes
Light up tonight (light up tonight)
We can barely even see the band,
Out here by the beer stand, oh but you don't care,
You take my hand say you wanna dance and we'reSwayin', and prayin'
That the band don't ever stop playin'
Our favorite songs all night long.
Oh baby don't it feel so right,
Me rockin' you side to side,
Just stayin' in these arms of mine,
Wrapped up tight just swayin'They say the shows sold out,
And it's one of there biggest crowds.
But all I see is two people right now,
Just me and you and all I wanna do
Is never leave this place,
With these arms around your waist.
Take a little break for a kiss, on your lips.
Been waitin' to long for a night like this justSwayin', and prayin'
That the band don't ever stop playin'
Our favorite songs all night long.
Oh baby don't it feel so right,
Me rockin' you side to side,
Just stayin' in these arms of mine,
Wrapped up tight just swayin'I just wanna be close to you,
And baby all I wanna do, is keepSwayin', and prayin'
That the band don't ever stop playin'
Our favorite songs all night long.
Oh baby don't it feel so right,
Me rockin' you side to side,
Just stayin' in these arms of mine,
Wrapped up tight just swayin',Oh girl just prayin'
You'll stay in these arms all night.
