Destroyed

Hypocrisy

I lost my dignity, I lost who I am
My biggest problem is, I've become sick little eyes
Take what be done known by no one
My clock is tickin'
Don't even trip me, I rip a hole in your life
Leave me aloneWhen you think I'm on the top I'll reverse it to tell you all to fuck up
I will not be destroyed
I refuse to be destroyed
When you think I'm on the top I'll reverse it to tell you all to fuck up
I will not be destroyed
I refuse to be destroyedWait, oh
So you thought you knew me, where I stand
I'm sorry to tell you, you fucked and so you woke my head
Get a life and leave me alone, leave me alone
Yet there you areWhen you think I'm on the top I'll reverse it to tell you all to fuck up
I will not be destroyed
I refuse to be destroyed
When you think I'm on the top I'll reverse it to tell you all to fuck up
I will not be destroyed
I refuse to be destroyedDon't even try to trip me, I ripped a hole in your life
I don't understand why you even spend the time on my life
But you and everything you stand for, you and all your fucking maggots see
Don't even try to trip me, I rip a hole in your lifeWhen you think I'm on the top I'll reverse it to tell you all to fuck up
I will be destroyed
I refuse to be destroyed
When you think I'm on the top I'll reverse it to tell you all to fuck up
I will not be destroyed
I refuse to be destroyed
