

Scars

The Awesome Machine

Did I say something stupid?
There goes one more mistake
Do I bore you with my problems?
Is that why you turn away?
Do you know how hard I tried
To become what you want me to be?

Take me

This is all that I've got
This is all that I'm not
All that I'll ever be
I've got flaws, I've got faults
Keep searching for your perfect heart
It doesn't matter who you are
We all have our scars
We all have our scars
You say don't act like a child
But what if its a father I need?

Its not like you don't know what you got yourself into

Don't tell me I'm the one who's naive
Do you know how hard I've tried
To become who you want me to be?

Take me

This is all that I've got
This is all that I'm not
All that I'll ever be

I've got flaws, I've got faults
Keep searching for your perfect heart
It doesn't matter who you are

We all have our scars

We all have our scars

Come on, just let it go

These are things you can't control
Your expectations, your explanations

Don't make sense to me

You and your alternatives

Don't send me to your therapists

Deep down, I know what you mean
And I'm not sure that's what I wanna be

No
Take me
This is all that I've got
This is all that I'm not
All that I'll ever be
I've got flaws, I've got faults
Keep searching for your perfect heart
It doesn't matter who you are
We all have our scars
We all have our scars
Oh no no no
Did I say something stupid
There goes one more mistake..
