You're My Fix

Scarlet

Ms. Doe. I've been watching you outside your window.
Cutting myself to feel new. I want to tie you up and pin you down Ms. Doe.
I want to tie you up and pin you down.
I want to feel lost and feel found.You're my only muse. This blindfold and this gag, they're both for you.
My nerves are shot and my wrists are slit.
I'm your stalker and you're my fix.
You're my fix. You're my fix. You're my fix.
