## How to Destroy Angels

Get down  
On the ground  
Don't move  
Make a sound  
No more  
Thought control  
You do  
What you're toldStand up  
Sit back down  
Your lies  
Comes back around  
Today  
Patronize  
Time's up  
Close your eyesListen to the sound of my big black boots
