

# Tonight We Love

**Tony Martin**

Tonight, we love while the moon  
Beams down in dream light; tonight  
We touch the stars  
Love is ours  
Night winds that sigh  
Embrace the sky  
Tonight, we love in the glow  
That glows so softly I know  
This wasn't meant to borrow but tomorrow  
Will it be gone  
Or will it always live on?  
Tonight, we love
