

Please Die

Nowhere Man and a Whiskey Girl

One day when they all die
Maybe I'll be happy
When it's just me alive
And I won't be lonely
When that day comes,
I won't cry
No I'll smile gladly
I'll turn to myself and sigh,
how I sure did miss me

Please won't you all go away?
I just don't want you to stay here
With me on a day like today
When all I wanna do is sit here by myself

These days I've been amazed
Which-the-way they sway me
I've been dismantled and frayed
They've completely disarrayed me

I've prayed many days for dismay
Catastrophe and mayhem,
And I've done just about all I can
Tryin' to forget them

Please won't you all go away?
I just don't want you to stay here
With me on a day like today
When all I wanna do is sit here by myself

So smoke unfiltered cigarettes
Fly cheap econo jumbo jets
Ride your motorcyles without helmets
Please, everybode, move out West
So when it falls into the sea
It would just be me and me
I would still have me, you see
And I'd keep myself company
I'd keep myself company
