We Got the Bait

Amen

Nowhere to burn
Nowhere for no one
It's the same ole sore
And the same ole bleedin'Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)There's nothing to do
And nothing to believe in
With objections of views
Protections by designWe got the bait
We got something for freedom
We got some fool
We got freedom be desireSomebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)So what?
We got the bait
We got the bait
We got the baitWe got nowhere to run
Nowhere for no one
There's that same ole sore
In that same ole whoreSomebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)We got the bait
We got the bait
We got the bait
We got it
