

# Run Down the Devil

[Alice Cooper](#)

It's twelve o'clock in the mornin'  
While everybody is sleepin'  
I want him dead in my head lights  
'Cause in the shadow he's creepin'Drive on down to lonely street  
He's always waiting there for meRun down the Devil, run the Devil down  
Run down the Devil, run him down, down, down  
Run down the Devil, run the Devil down  
Run down the Devil, run him down, down, downI want to take him to the Mercury grill  
I hope he's ready for the big blast  
He'll be my ultimate road kill  
I'll kick his future up his pastI'll send him back to hell, alright  
The world can sleep in peace tonightRun down the Devil, run the Devil down  
Run down the Devil, run him down, down, down  
Run down the Devil, run the Devil down  
Run down the Devil, run him down, down, downEverybody's gotta hold him down  
Can't let Beelzebaby back in townRun down the Devil, run the Devil down  
Run down the Devil, run him down, down, down  
Run down the Devil, run  
Run down the Devil, run him down, down, downRun down the Devil, run the Devil down  
Run down the Devil, run him down, down, down  
Run down the Devil, run  
Run down the Devil, run him down, down, down
