

What I Saw

Broadcast

There's one room
There's one light
There's one night
 In the fire
 In the pain
 In the wire
This from me
 This one lie
That seems right
Time can't climb
 It can't be
 It can't see
 I see to be right
 I fall down tonight
 I go to hell to be what I sell
Falling again is such a welcome end
Can the end of today be more than tonight
 Echoes of these far reaching sights
Stuck with the pain of knowing you should have tried
 Give me your hands
 And we'll never die
 This love song
 It sits wrong
 It means jack
The time's right to be wrong
 All night long
 I feel good
 I feel so far away
 This is mine
 It could be anyday
 I saw what I saw
 I call up a man
 Distance is what gets me right in
I had a hand in everyone losing their place
 Never must stop
 It's stealing my heart
A moment to squeeze begging on its knees
 I know I'll never be right beyond tonight
 Give me your hands

And we'll never die
