

# Young Nation

## Aaliyah

Young nation under a groove  
Keeping it smooth with a jazz attitude  
Young nation under a groove keeping it smooth  
Young nation under a groove  
Keeping it smooth with a jazz attitude

Young nation under a groove keeping it smoothAs I'm strollin' down the park with really nothing on my mind  
Laid back and I'm just thinkin' of old times  
Pop in our Isley Brothers tape when I'm waxin'  
Peepin' through my side-view checkin' out my waxin'  
Hey! I gotta say today's a good day for me the lover on the way  
Ho! Time to hit the six-four  
And pump the bass down just to let them know  
Aaliyah's in the house so I think you'd better check my flow  
Hello! Hello!

I'm the young nation and young nation is me  
So here we go from the one the two and to the threeYoung nation under a groove  
Keeping it smooth with a jazz attitude  
Young nation under a groove keeping it smooth  
Young nation under a groove  
Keeping it smooth with a jazz attitude

Young nation under a groove keeping it smoothI check my celular because my beepers beepin'  
Booty calls are creepin'  
Fellas on the corner peepin' me (Whats up, whats up)  
Don't set it off  
So I pick up my girls and hit the streets just because,  
Jazz-aray, it's Saturday and,  
The sun is blazin', it's so amazin'

And if you are a YNP and you're rollin' with the PGP, congratulations  
I know I got the skills to make you trip  
R. Kelly's flippin' tracks so grab a hold and don't you sit  
The nigga diggin nation that's a sooner gets my grip  
So raise your hands if you're sure  
Are you a young nation?Young nation under a groove  
Keeping it smooth with a jazz attitude  
Young nation under a groove keeping it smooth  
Young nation under a groove  
Keeping it smooth with a jazz attitude

Young nation under a groove keeping it smoothWell, six o' clock, girls are round and now I'm steppin'  
Stop to get some dressin', to the mall I'm flexin'

You know to get them funky croaka-sacks  
Tonight I'm hittin' the town, ain't holding nothing back  
Hey!, Well alright tonight is the night  
Well I'm in the mood for celebration, or even some jazzy conversation  
Hey! It's O.K here I come so way
