Raooul - Anna Joy

Raooul

we all got cute low top black docks
we all love Nirvana
being different is just being the same when everybody does it
being is different is just being the same when everybody loves it

every girl wants to be like Anna Joy
and every boy wants to be like Aaron Cometbus
but we all wanna be punker than all our friends
we all are pierced

we all frequent telegraph
we all smoke pot
it really anarchy if it's ok with your mom
it really rebellion if it's just Primus instead of New Kids On the Block

every girl wants to be like Anna Joy
and every boy wants to smell like Aaron Cometbus
but we all wanna be punker than out friends
we all dance the same
