Kill Greedy

Lollipop Lust Kill

I've got this evil feeling and it's overwhelming me
To build these devices that cause your agony
I know your body needs me and I will be your king
I'll give you pain and I'll do it again, again, againI want you to die
I am Kill Greedy, you will soon receive
Pain you can't believe
Die, I want you to die
I am Kill Greedy, pain so sweet to me
Got to make you bleedDie, I want you to die
I am Kill Greedy, take your sick disease
Bloom inside of me
Die, I want you to die
I am Kill Greedy, pain so sweet to me
Got to make you bleed
Die, I want you to dieI've got this dirty needle to pierce your skin so deep
I've got this rusty scalpel, to feel it just say please
I know your body needs me and I will be your king
I'll give you pain and I'll do it again, again, againI want you to die
I am Kill Greedy, you will soon receive
Pain you can't believe
Die, I want you to die
I am Kill Greedy, pain so sweet to me
Got to make you bleedDie, I want you to die
I am Kill Greedy, take your sick disease
Bloom inside of me
Die, I want you to die
I am Kill Greedy, pain so sweet to me
Got to make you bleed
Die, I want you to dieYeah, die, motherfucker, die
Yeah, die, motherfucker, die, dieWe've got molten metal dripping into forced open eyes
Taking out your teeth with a rusty wooden file
Cutting off your skin as you're tied down to the bed
Listen to you scream as I drill into your headIt's music to my ears to hear you scream in pain
I will torture you 'til I've driven you insane
I'm Kill Greedy, baby, bleed, baby, bleed
I'm Dr. Kill Greedy, baby, bleed, baby, bleedDie, die, die, die
