Substance

Umpire

We The People Hear The Words
That You Are Saying
The Darkness In Our Hearts Remains
We Can Only Live So Long Without The Truth
And The Message You Portray Leaves Me Empty
We Have The Will To Fight
We Just Dont Know Whats Right
Our Hearts Are Crying Out
For Substance To Hold To (Repeat)

Can't You See That We Are Crying
While You're Screaming Our Hearts Are Dying
Shut Your Eyes Shut Your Eyes
Bliss From The Unknown, Hurt We Bear
I Want You To Know What I'm Going Through
We Have The Will To Fight
We Just Don't Know What's Right
