

# Substance

## Umpire

We The People Hear The Words  
That You Are Saying  
The Darkness In Our Hearts Remains  
We Can Only Live So Long Without The Truth  
And The Message You Portray Leaves Me Empty  
We Have The Will To Fight  
We Just Dont Know Whats Right  
Our Hearts Are Crying Out  
For Substance To Hold To (Repeat)

Can't You See That We Are Crying  
While You're Screaming Our Hearts Are Dying  
Shut Your Eyes Shut Your Eyes  
Bliss From The Unknown, Hurt We Bear  
I Want You To Know What I'm Going Through  
We Have The Will To Fight  
We Just Don't Know What's Right
