## Asshole Parade

Go, tack giant mushrooms  
To all of the bedrooms  
Go yo, to the streets  
Impedance with selection  
I survey nocturnal thought  
As we drive home  
Hey, she won  
Do, do, do, da do, do, do  
Hey, she won,  
Do, do, do, da do, do, do  
You're just a vacuum tube  
Down in the basement  
That's of course the game I'm playin'  
While my heart goes to the almighty  
Solidize my internal thought  
As we drive home  
Hey, she won  
Do, do, do, da do, do, do  
Hey, she won  
Do, do, do, da do, do, do  
You're no fun  
Do, do, do, da do, do, do  
Since you won  
Do, do, do, da do, do, do
