# Soul In Flames

## Poisonblack

I cannot tolerate the pain
Still feeling
Still-feeling
I cannot execute this pain
Still bleeding
Still-bleedingCome and set my world afire
Give all that I desireI am a soul on fire
with flames within yet frozen to the bone
I want you...come into me
I'm holding onto desire
which binds it all that I will fall for
I want you...come into meI cannot flee from the pain
Still hiding
Still-hiding
I cannot see from this pain
Still lying
Still-lying?
