

# Soul In Flames

## Poisonblack

I cannot tolerate the pain  
Still feeling  
Still-feeling  
I cannot execute this pain  
Still bleeding  
Still-bleeding Come and set my world afire  
Give all that I desire I am a soul on fire  
with flames within yet frozen to the bone  
I want you...come into me  
I'm holding onto desire  
which binds it all that I will fall for  
I want you...come into me I cannot flee from the pain  
Still hiding  
Still-hiding  
I cannot see from this pain  
Still lying  
Still-lying?
