

# Angela Mia (My Angel)

[Vic Damone](#)

Angela mia, you are my angel, dear,  
The heavens sent you down to me from up above. Angela mia, you are my guiding star,  
A sweet Madonna that I honor and I love. You're like the sunshine in all its splendor  
And I surrender each time you smile. Angela mia, my prayers are answered now  
And I am thankful for Angela mia.
