

Black Rose

Rezurex

The dream of you i had at night
i cant wake up how hard i try
close your eyes in my arms
thats when i knew that you and i woooah

black rose.. black rose
theres a thorn between my heart
black rose.. black rose
theres a thorn between my heart

well deaths got a hold of you (wooah)
the skies are gray instead of blue (wooah)
The pain is so immense
in my mind theres a picture of you
picture of you

black rose.. black rose
theres a thorn between my heart
black rose.. black rose
theres a thorn between my heart

oh dead flowers on her grave
beneath your dashing ways
black rose symbol of death
beautiful word for a horrible thing, horrible thing

black rose.. black rose
theres a thorn between my heart
black rose.. black rose
theres a thorn between my heart

forever black rose
forever black woaah
forever
