

# Mr. Bad Guy (Bad Circulation Version)

## Freddie Mercury

Let's go chasing rainbows in the sky  
It's my invitation  
Let's all take a trip on my ecstasy I'm Mr bad guy, yes I'm everybody's Mr bad guy  
Can't you see I'm Mr Mercury  
Oh, spread your wings and fly away with me Your big daddy's got no place to stay  
Bad communication  
I feel like the President of the USA Mr bad guy, yes I'm everybody's Mr bad guy  
Can't you see I'm Mr Mercury  
Oh, spread your wings and fly away with me I'm Mr bad guy, they're all afraid of me  
I can ruin people's lives  
Mr bad guy, they're all afraid of me  
It's the only way to be  
That's my destiny  
Mr bad guy, Mr bad guy, bad guy It's the only way for me  
It's my destiny, oh yeah Mr bad guy, yes I'm everybody's Mr bad guy  
Can't you see this is my destiny  
Oh, spread your wings and fly away with me
