Real McCoy

Run away  
run away  
run away and save your life

Money, sex, in full control  
a generation without soul  
perfect people in a perfect world  
behind closed doors all in control

you gotta keep the faith you better keep the faith and run away Run away

you better break free  
oh oh oh oh  
run away  
oh oh oh oh Money, sex, in full control  
big brother is watching you  
unlock your brain and save your soul  
no more limits, no more curfew

take a stand and fight for freedom keep the faith  
you gotta keep the faith
