Maybe

The Bevis Frond

everyone told you
there was no way back
you made your decision
that was that
there no exceptoin
no more compromise
because the human form
only fits one size
do I agree
to right is wrong
the whole world is . . .It May BeOne way street
that we all go down
see there burning car
we can't drive around
no options
no alrternative choice
the revolution is just background noisethe waiting list
is oh so long
and you died before your sinsIt maybe
yeah maybeTheres no dissention
without permition
and the dangerous man
made the safe decision
if we still believe in the traditional life
and the good old days may never dieare we the worse
to see it all
and still refuse to actit may be
