

# No Light

## Meat Wave

Living in another realm of time  
awaiting great friends barking "you're a fraud"  
until that minute the stomach rots  
all that dancing in the wind was deliberate  
or the opposite  
In the sunscented light  
felt the eye  
begin to burn  
lost all sight  
I'm still blind  
how to see if the spots never subside  
and I got it bad  
I know you'd hate to hear it  
soon as I see the light I know the dark is coming  
you've got it bad  
you know I loathe to hear it  
your canvas blank  
forgotten painting  
in the sunscented light  
felt the mind  
begin to turn  
masking eye  
I'm still blind  
how to see if the spots never subside
