Street Fight

Smallpools

Caught in a street fight
You need a lifeline
Go on, and use me
I'll be your Bruce LeeBeaten down
From high to low
But that don't make sense to me (sense to me)
You say this town has broke your bones
But that don't make sense to me (sense to me)You've been driving through the desert
Talking to yourself
I'm supposed to make it right
So don't leave this way
You've been running with the devil
Swinging at your friends
Your friends
Your friends
Yeah, yeah, if you say you'reCaught in a street fight
You need a lifeline
Go on, and use me
I'll be your Bruce LeeUnder the street lights
I'll wait a lifetime
Just like the movies
I'll be your Bruce Lee(I'll be your Bruce Lee)Hit the ground
Nobody to hold
I'll lift you up again (up again)
Lost and found
On the side of the road
I'll bring you back again (back again)You've been driving through the desert
Talking to yourself
I'm supposed to make it right
So don't leave this way
You've been running with the devil
Swinging at your friends
Your friends
Your friends
Yeah, yeah, if you say you'reCaught in a street fight
You need a lifeline
Go on, and use me
I'll be your Bruce LeeUnder the street lights
I'll wait a lifetime

Just like the movies
I'll be your Bruce Lee(I'll be your Bruce Lee)
(I'll be your Bruce Lee)(I'll be your Bruce Lee)
Caught in a street fight
You need a lifeline
Go on, and use me (use me)Caught in a street fight
You need a lifeline
Go on, and use me
I'll be your Bruce LeeUnder the street lights
I'll wait a lifetime
Just like the movies
I'll be your Bruce Lee(I'll be your Bruce Lee)
