One Night With You

US5

I don't wanna put no chains on you
I just wanna be here loving you
'Coz you touch me in the place
That puts a smile right on my faceBut I don't wanna be holding you
Baby, only for an hour or two
I want you with me
In these arms for all eternityI don't wanna to put you under pressure
I just wanna spend some time together
So baby, if it's just for one nightGive me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each nightGive me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with youLove the things you say, the way you move
I'd love to stay here making love with you
'Coz you're just so good to hold
And you've wrapped your arms around my soulCome on and take this heart of mine
You can have it till the end of time
I want you to be part of every single part of meI don't mean to put you under pressure
I just wanna have your love forever
So baby, if it's just for one night, one nightGive me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each nightGive me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with youBaby, give me your kisses for a lifetime
Baby, show me your smiling face each day, girl
Baby, hold me in your heart forever
'Coz I need you by my side
And I won't be satisfiedGive me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each nightGive me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with youGive me just one night with you
Every day of your life

One kiss every morning
After a hundred kisses each nightGive me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you
Baby, baby, baby
