Single

TIFA

Ah yeah, that's right
All you single people out there
This is for you
Yeah
I'm not waitin' around for a man to save me
(?Cause I'm happy where I am)
Don't depend on a guy to validate me
(No no)
I don't need to be anyone's baby
(Is that so hard to understand?)
No, I don't need another half to make me whole
Make your move if you want
Doesn't mean I will or won't
I'm free to make my mind up
You either got it or you don't
This is my current single status
My declaration of independence
There's no way I'm trading places
Right now a star's in the ascendant
(Right now)
I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single
(Right now)
That's how I wanna be
Yeah, uh huh, that's right
Don't need to be on somebody's arm to look good
(I like who I am)
I'm not saying I don't wanna fall in love 'cause I would
I'm not gonna get hooked up just 'cause you say I should
(Can't romance on demand)
I'm gonna wait, so I'm sorry if you misunderstood
This is my current single status
My declaration of independence
There's no way I'm trading places
Right now a star's in the ascendant
(Right now)

I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single
Everything in its right time
Everything in its right place
I know I'll settle down one day
But 'til then I like it this way
It's my way and I like it this way
Make your move if you want
Doesn't mean I will or won't
I'm free to make my mind up
You either got it or you don't
'Til then I'm single
This is my current single status
My declaration of independence
There's no way I'm trading places
Right now a star's in the ascendant
This is my current single status
My declaration of independence
There's no way I'm trading places
Right now a star's in the ascendant
(Right now)
I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single
(Right now)
That's how I wanna be
(Right now)
I'm single

That's how I wanna be
