Man Overboard

Thornley

This whole life underwater
Isn't all it's cracked up to be
Not quite what I wanted
When it gets a little hard to breathe
There once was a time
When it seemed like a good idea
I'll keep this in mind
The next time I go overboard
So leave, never believe that I'd ever leave
You're making it so damn hard to breathe
Throw me a line and throw me the rope
You're killing the bravest part of me
And I'll find a home and I'll tip this boat
Man overboard, man overboard
I've never been so far down
Without coming up for air
Remember the time
When you meant the world to me
Yeah, leave, never believe, that I'd ever leave
You're making it so damn hard to breathe
Throw me a line and throw me the rope
You're killing the bravest part of me
And I'll find a home, let's tip this boat
Man overboard, man overboard
Can't take it anymore
I'm swimming back to shore
Man overboard, man overboard
Can't take it anymore
I'm swimming back to shore
So let's take a number
How it was supposed to be
Be kind, throw me the line and throw me the rope
You're making it so damn hard to breathe
Throw me the line, throw me the rope
You're killing the bravest part of me
And I'll find a home, let's tip this boat
Man overboard, man overboard
Can't take it anymore
I'm swimming back to shore

Man overboard, man overboard
Can't take it anymore
I'm swimming back to shore
Man overboard, man overboard
Can't take it anymore
I'm swimming back to shore
Man overboard, man overboard
Can't take it anymore
I'm swimming back to shore
