

God Forbid (Feat. Page Hamilton Of Helmet)

P.O.D.

[x2]

God forbid

That I should lose, lose my mind

God forbid We have cause to be uneasy

The evolutionary process has begun in a world that hates you

These secrets revealed belong to us

And when worst comes to worst

My people come first God forbid

That I should lose, lose my mind

God forbid

Insanity is just a thought away

God forbid that I should lose, lose my mind

God forbid

Balancing the good that's left in me Too many things going wrong around us

Too much to be done and so little time

We're so used to bowing down that we forget how to stand up

And we settle for last in line

But not this time! God forbid

That I should lose, lose my mind

God forbid Insanity is just a thought away Balancing the good that's left in me God forbid
