

# America

## Howler

Limited being at this time of year  
Decaying monies and my father's cool fears  
Escape now  
I hate now A shotgun wedding at a quarter to five  
I shot the husband and I slept with the bride  
Escape now  
I hate now But I just wanna hold your hand  
I wanna scrape my knees now  
I wanna be in good blood  
I wanna be an american  
An american's american  
Just like you  
(Solo) Meet me tomorrow dressed in black and white  
Six shooter waiting on John wayne's right  
Escape now  
I hate now Come back to me with your bottle of fears  
Commit yourself to a steady career  
And that's that  
Forget that  
But I just wanna hold your hand  
I wanna scrape my knees now  
I wanna be in good blood  
I wanna be an american  
An american's american  
Just like you My darling  
It's over now  
Give up.
