Shine

Slowdive

Today
I lost a [...colours fray...]
Watch the games you play
And when it all force down you
Don't forget the days
When the sunshine fades away
Remember what they say
Remember what they say
The right time
She calls
To tell
Every time
She says she's falling
And every time
She call us friends
Because
To the right time
She calls
To tell it would
Every time
She says she's falling
Every time
She call us friends
Can't believe
She says she's [...]
Can't believe
[...Disgusted...]
[...Disgusted...]
I can't believe it
[...Scares me...]
[...Can't believe it...]
