

Set You Free (feat. Jodie Harsh)

Melanie C

It's back again, brace myself
Turn my music up, ready now
I don't wanna stop
The beat and the rhythm, the music is taking over me
And I know, I am back where I belong

A
in't nobody gotta turn it down
Ain't nobody have to tell me who to me
Let the music set you free
Ain't nobody gotta take control
Nothing else can ever give me what I need
Let the music set you free
Can you feel it? Take control

Caress the bass, it doesn't make boom, boom
Lights are blinding me
See clearly now, I need to be free
The beat and the rhythm, the music is taking over me
And I know, I am back where I belong

Ain't nobody gotta turn it down
Ain't nobody have to tell me who to me
Let the music set you free
Ain't nobody gotta take control
Nothing else can ever give me what I need
Let the music set you free
Can you feel it? X 2
