Frontline

Mo'Kalamity and the Wizards

Weâ€™re on a deadline
We canâ€™t be blind
Too much iniquity
We have to write another line
Of our history

What are you looking for?
We have already lost the race, seen
What are you looking for?
Weâ€™ve got everything we need,
What are you doing now
Stay stay on the frontline

[chorus]

Bring the peace in the justice for Iâ€™n I
Set up a point to their convictions
Them living in high illusion,
Make us look like fools
Donâ€™t let them put their rules,
To them, nothing to prove...

[chorus]

The key is in your heart,
Look after your brother
Writing another part
We must arise
