

# Pull My Hair

## Ying Yang Twins

Hey you, you know you been talking a lot of shit  
Whisperin' in my ear  
Makin' me feel all, hot and bothered and shit  
Makin' a motherfucker horny  
You say you could fuck? Prove it Look bitch, you done talked a whole lot of shit  
But wait 'till ya see my dick  
I ain't really for the talkin' game  
You done came in the room and started handin' me thangs First off with brain and I'm a beat the pussy up  
Hit it from the back and beat the pussy up  
Girl, why yo friend doin' all that runnin'?  
Be yo ass still, long dick cummin' Now ride on the dick like you were dancin' in the club  
You really love [Incomprehensible], so show him some love  
Now come up slow and just ride the head  
Now drop down fast, put it all in the air Now turn yo ass around, lemme hit it from behind  
And put big dick inside ya  
I'm a hit it from the back while I'm pullin' ya hair  
You climbin' up the wall but I'm pullin' ya hair Gettin' freaky than a mother fucker sweatin'  
I'm all on you, you all on me  
Fuckin' like dogs, me and shorty off of the walls  
And I like it when she play with the balls Shorty I ain't holdin' nothin' back at all  
I ain't scared to put the mouth on the dick, she swallowed it  
And she like it when a nigga be pullin' my hair  
Talkin' nasty to her ass while I'm pullin' my hair Now that I got you in the bed, I'm gon' pull yo hair  
Snatch yo ass up by the head, I'm gon' pull yo hair  
Pull my hair, pull it hard, pull my hair, pull it tight  
Pull my hair, cum, baby, pull my hair Fuck me, daddy, spank me, daddy  
Fuck me, daddy, spank me, daddy  
Fuck me, daddy, spank me, daddy, fuck me, shit You like this, you wanna see what I have?  
Ay bitch, I'm talkin' to you  
So tell me, what you want me to do?  
Look at here, drop down on all hoes like a dog Now, I'm lookin' at yo ass, 'fo I hit it  
That pussy from the back, I'm a get it  
I'm walking over to you with the rubber  
Yo ass in trouble, is it up high enough? I done called yo butt, fucked you 'till you cried  
You said I beat that pussy from back so much that I hurt yo side  
Yo ass should of been built for the war, yes, fuck it  
And if you don't want to wear yo tail You need to put it in yo ass and tuck it  
I will, just to get you in the bed  
And now I'm gonna pull yo hair on yo head, pull it

Should've fuck with me, should'veIf you ass could arrange it would've but ya put that down a side  
That's how my dick got between yo thighs  
Now that's alright, I got a ten foot pole that'll go in yo hole  
Take yo soul mate nut come out yo nose, fall all on yo clothesNow that I got you in the bed, I'm gon' pull yo  
hair  
Snatch yo ass up by the head, I'm gon' pull yo hair  
Pull my hair, pull it hard, pull my hair, pull it tight  
Pull my hair, cum baby, pull my hairFuck me, daddy, spank me, daddy  
Fuck me, daddy, spank me, daddy  
Fuck me, daddy, spank me, daddy, fuck me, shitNow that I got you in the bed, I'm gon' pull yo hair  
Snatch yo ass up by the head, I'm gon' pull yo hair
