Desert Plains

Judas Priest

Full moon is rising
The sky is black
I need your call I'm coming back
The road is straight cast
Wind's in my eyes
The engine roars between my thighsFrom desert plains I bring you love
From desert plains I bring you loveWild mountain thunder
Echoes my quest
My body aches but I'll not rest
Quartz light to guide me
Till sunrise leads
My passion screams, my heart it bleedsFrom desert plains I bring you love
From desert plains I bring you loveThen in the distance
I see you stand
On the horizon you raise your hand
In burning rubber
I end my quest
You fall into my arms at lastFrom desert plains I bring you love
From desert plains I bring you love
