

# Good Things Happen

**Dierks Bentley**

The world is cold but I don't care  
When you have flowers in your hair  
I see color and I hear sound  
And good things happen when you're around I work hard for not much pay  
So I can know you'll be okay  
'Cause I need to live where love abounds  
And good things happen when you're around So won't you wait for me?  
I'll be home soon  
Wait for me  
I'll only be a day or two Won't you wait for me?  
I'll be home soon  
Yeah, wait for me  
I'll only be a day or two
