## Method Man

Good news Hip-Hoppers  
The big alert has been called off  
It turns out that the early reports were wrong, all wrong  
Now for that clan out there that had such a tough time gettin' home  
Sorry 'bout that  
I guess the only thing we can do is play you a song Yeah, do that  
Yes, what what what, what what what, what?  
What what what, what what what  
Yea yea yea  
(If you don't, lay back)  
Raider Ruckus  
(You catch a lazy jack)  
Carlton Fisk  
(Yaknahmean)  
Huh, one, two  
(Shaolin, what?) Shoes full of dirt, kickin' sand on your works  
Something gotta hurt, catch a case off a verse  
Live in concert, kids comin' out they shirts  
I'm hyped now, jumpin' in the crowd feet first  
Meant it when I said it, lungs bring the pain son  
Without the anesthetic, make 'em look pathetic  
Needin' help from paramedic, hot with the nickle  
Bust back, take 'em wit' you Survival of the fittest, and the world out to get us  
I feel it in my bones, I can feel it  
In my testosterone, when it's on  
Stat', bring it back, hard rap for you pussy-cat  
Cognac off the meat rack, where the pussy at?  
Johnny, got these niggaz mad at they mommy  
Jumping on my hard salami, say what you like  
In the heat of the night, I crash individuals  
Splash on the mic, air-tight with the lyrical Nigga run with it, have fun with it  
Load your gun with it, and be done with it Welcome to the Killin' Field with Johnny Dangerous  
Headbanger Boogie niggaz goin' through changes It all starts with the pad and pen, my special blend  
Of herbs and spices on mic divices, murder men  
Make 'em mices, I recommend, somethin' that's priceless  
For you rap hooligans, claimin' you nicest  
Call it what you like kid, you can even call  
A psychic for all I care, still ain't got a prayer  
Amongst the righteous, Blazini, cheat death like Houdini

Word to bad bird that fucked nerds in bikinis  
 Observe, lyrical flows you being served from the gizzard  
 Pluckin' your nerves with nouns and verbs  
 From the ghettoes to the suburbs, I must be heard  
 Niggaz get what niggaz deserve  
 You can put that on my Clan logo, Wu-Tang group for solo  
 Bloody up my next promo  
 With the blood of the next bozo, clown ass niggaz be loco

 City nights get a nigga hyped, scar his life  
 Send him back, now he Poltergeist, ghost!  
 Tell him, who the number one rap most, huh?  
 Verbal overdose leave him comatose, huh?  
 The nigga with the golden throat is out to get you, Hot Nickle  
 Bust back and take 'em wit' you, eye for eye  
 Never lie, crossin' my heart, hopin' you die  
 Somebody pat the engineer down, I think he wired  
 I'm off the meat rack, quick to react, my niggaz need that  
 They need gas, cockin' heat back, be out like Freejack  
 The heat's on, you think one-eight, and Johnny's blamed  
 Who that nigga, burn biscuit and spit flame  
 Leave no witness in the fast lane with shady bitches  
 That only want me for my riches, I know your steez  
 Terror Fabulous, caution, biohazardous degrees  
 From this ravenous, emcees be yappin'  
 Meth be the co-captain, on Def Jams that's closed captioned  
 For hearing impaired, they get a share, now what's happenin'?  
 Money to share, that's why we're here  
 And you actin' like we can't eat, like y'all eat  
 Now we scrappin' out in the street, I know your crew's  
 Hardheaded motherfuckers and I'm just like you  
 Nigga run with it, have fun with it  
 Load your gun with it, and be done with it  
 Welcome to the Killin' Field with Johnny Dangerous  
 Headbanger Boogie niggaz goin' through changes
