

How Was California?

Reckless Kelly

How was California?
Did they teach you how to surf?
Was it everything they said it was?
Was it all that you deserve? Or did you hate the Golden State
Was it hollow just like you?
Just like every place you go
California's got the blues How was Austin, Texas?
Did they greet you with a smile?
Did you ride the pretty horses?
Did you feel like you could stay a while? Or did you hate the Lone Star State
Was it lonely just like you?
Just like every place you go
Austin, Texas has the blues How was New York City?
Did you take a stroll in Central Park?
Was there always something going on?
Did you feel safe after dark? Or did you hate the Empire State
Was it miserable like you?
Just like every place you go
New York City's got the blues
