

Raise the Roof

Widespread Panic

Be strong, baby please be strong
Won't last, baby won't last long
We were happy in our home Raise the roof, raise the roof, raise it high
Raise the roof, raise the roof, raise it high
Raise the roof, raise the roof, raise it high Take care, baby please take care
Somewhere, find yourself a prayer
We were happy in our home Raise the roof, raise the roof, raise it high
Raise the roof, raise the roof, raise it high
Raise the roof, raise the roof, raise it high Be strong, baby please be strong
Won't last, baby won't last long
We were happy in our home Raise the roof, raise the roof, raise it high
Raise the roof, raise the roof, raise it high
Raise the roof, raise the roof, raise it high
