All Is Forgiven

Jellyfish

Heal me darling
Pleaded the playboy bedroom eyes
Grace your sunshine
Till everything's okay, alright, fineWhat's hers is his
'Cause everything is forgiven, forgiven
Though he soured the milk of human kindness
All is forgiven
(All is forgiven)Truth and avarice
Encircle his words like a barber pole
Twisted and useless
Till they disappear in her camisole
(Goodnight alibi)Throw away your daggers and pills
'Cause everything's still forgiven, forgiven
Though he bit off the nipple of human kindness
All is forgiven
(All is forgiven)Hypocrite, four flusher, snake in the grass
Just a swindler and wolf in sheep's clothing, liarYes he tries to hide the cross he bears
But splinters, like the truth have always risen
All is forgiven
Though he shelters in the
Shade of the wings of a stool pigeon
All is forgivenHeal me darling
Pleaded the playboy bedroom eyes
Grace your sunshine
Till everything's okay, alright, fineTruth and avarice
Encircle his words like a barber pole
Twisted and useless
Till they disappear in her camisole
All is forgiven
